Happiness comes, happiness goes
Where it goes, no one knows!
What's in store, who can guess?
It could be . . . happiness!
If you're in love, and she loves you
too
Oh never break her heart, whatever you may
do
Don't say goodbye (don't say goodbye!)
To a love that's true (to a love that's true!)
Because if you should lose your one and only
All your life you may be lonely!
Happiness comes (happiness comes!)
Happiness goes (happiness goes!)
Where it goes (where it goes!)
No one knows! (no one knows!)
What's in store (what's in store?)
Who can guess? (who can guess?)
It could be . . . happiness!
< instrumental break >
Happiness comes, happiness goes
Where it goes, no one knows!
What's in store (what's in store?)
Who can guess? (who can guess?)
It could be . . . happiness!
It could be . . . happiness!
It could be . . . happiness!
