(I know, I know
Oh, yes, I know)

I know what it means
To be lost in the dark
I know what it means
To be tossed by the storm

I have walked alone
With a heart of stone
And despair too heavy for tears

But you caught my heart
And you taught my heart
To forget it's doubts and fears

And now that I know
The joy of your love

My head is high
I can face the sky
And know that Heaven
Is here below, I know

For you, I could die
For you, I will live
I know

(I know, I know, I know)
