Meet me at the altar,
Kneel with me in prayer
Side by side at the altar,
The one who knows is waiting there (waiting there!)

Let us be forever faithful
Forget the past and all we've done
I know if we're forever faithful
Out two hearts will be as one!

Meet me at the altar,
Kneel with me in prayer
Side by side at the altar,
The one who knows is waiting there (waiting there!)

What the Lord has joined together
Satin try's to part
But let no man put asunder
I know there's true love in our hearts!

Meet me at the altar,
Kneel with me in prayer
Side by side at the altar,
The one who knows is waiting there !
