"Saying Goodbye"

Always dreaming, always dreaming of you
Always on my mind now
As you've always been
Some things are best forgotten
So you can sleep
The world was not enough love
And baby it'll never be
Just fall into the arms of
Someone who'll lie.
And if this is a way of saying goodbye
Goodbye.
And if this is a way of saying goodbye
Goodbye.
Always dreaming, always dreaming of you
Summer fills the canyon
California free
The blossoms and the birdsong
Are all I need
And if this is a way of saying goodbye
Goodbye.
And if this is a way of saying goodbye
Goodbye.
