(CHORUS)

Why don't you stop
And think it over
Before you say it's over
Because it'll never be over for me

(CHORUS)

Think of all the
Happy times we knew
All the memories
I shared with you

(CHORUS)

Don't walk out the door
And say goodbye
Isn't what we had
Worth one more try

(CHORUS)

I just don't know
What I would do
Darling, without you
What a cold and lonely place
This world would be

If you leave me now
You'll hurt me so
Just for old times sake
Before you go

(CHORUS) 2X
