There must be a way to help me forget that we're
through, There must be a way to stop me from
dreaming of you. There must be a star in the skies that
isn't reflecting your eyes, I just don't know how to
disguise, how much I miss you! There must be a song
that doesn't remind me of you, There must be a kiss to
thrill me like yours used to do! I looked for a way to be
happy, happy with somebody new, Oh there must be a
way, but I can't find that way without you! <
instrumental break > I looked for a way to be happy,
happy with somebody new, Oh there must be a way, but
I can't find that way without you!
