You must remember this, a kiss is still a kiss
A sigh is just a sigh, the fundamental things apply
As time goes by [unverified]

An' when two lovers woo, they still say, "I love you"
On that you can rely, no matter what the future brings
As time goes by [unverified]

Moonlight an' love songs never out of date
Hearts full of passion, jealousy an' hate
Woman needs man and man must have his mate
That no one can deny [unverified]

It's still the same old story, a fight for love an' glory
A case of do or die, the world will always welcome
lovers
As time goes by [unverified]

It's still the same old story, a fight for love an' glory
A case of do or die, the world will always welcome
lovers
As time goes by [unverified]
