Yes, I know, goodbye for now  
How long, a year, a day?  
Yes, I love you, yes, you're with me  
Here now, next to me and worlds away  
See I free you and I'll see you when I see you, fine,  
okay?

Goodbye for now, again  
Goodbye until whenever then  
We're free, that's what we said we'd be  
At leave to come and go, you as well as I  
Somehow each hello makes it worth goodbye, for now

Goodbye for now, again  
Goodbye until whenever then  
We're free, that's what we said we'd be  
At leave to come and go, you as well as I  
Somehow each hello makes it worth goodbye, for now

Goodbye, hmm, goodbye
