Kokomo, kokomo, kokomo
Kokomo, kokomo, kokomo
Kokomo, kokomo, kokomo
Kokomo, kokomo, kokomo

Well talk to me baby, whisper in my ear
Talk to me baby, whisper in my ear
Come a little closer, don't have no fear

Don't you know, I love you so?
Don't you know, I love you so?
When I holler hey, Kokomo

Heard what you told me, heard what you said
Heard what you told me, heard what you said
Don't you worry my pretty, don't lose my head

There's dimples on her elbows, dimples on her knees
There's dimples on her elbows, dimples on her knees
She thrills and thrills me with just a little squeeze

Kok-Kok-Kokomo
Kok-Kok-Kokomo
Kok-Kok-Kokomo
Don't you know Kokomo that I love you so?

Talk, talk, talk to me baby whisper in my ear
Oh talk to me baby whisper in my ear
Come a little closer, don't you have no fear

Don't you know, I love you so?
Don't you know, I love you so?
When I holler hey, Kokomo
Don't you know I love you Kokomo?
