The hills are alive and the Earth is hummin'
Love is spreadin' over the world
Put your ear to the ground, you can hear it comin'
Love is spreading over the world

Hear it in the trees as the breeze is blowin'
See it in the fields where the grass is growin'
Pretty soon your heart will be
Overflowin' with love, sweet love

Shout it down from the highest steeple
Love is spreadin' over the world
Give the word to all of God's people
Love is spreading over the world

Everybody is somebody's brother
Now is the time to love one another
Hand in hand we can make it together
Love is spreading over the world

The hills are alive and the Earth is hummin'
Love is spreading over the world
Put your ear to the ground, you can hear it comin'
Love is spreading over the world

Hear it in the trees as the breeze is blowin'
See it in the fields where the grass is growin'
Pretty soon your heart will be
Overflowin' with love, sweet love

Shout it down from the highest steeple
Love is spreading over the world
Give the word to all of God's people
Love is spreading over the world

Everybody is somebody's brother
Now is the time to love one another
Hand in hand we can make it together
Love is spreading over the world
Love is spreading over the world
Love is spreading over the world
