You're my moonlight love,
like an angel from nowhere you came,
in the shadows you whisper my name,
while stars in the water shine!

You're my moonlight love,
soft an' gentle are your finger tips
and like heaven the touch of your lips
tonight you are mine, all mine!

I wait for you
where the lilacs grow
in the stillness of the night!
Come to my arms
with your eyes aglow
in the silvery light!

You're my moonlight love,
though you leave me when stars fade away
kiss me darling and tenderly say
we'll meet in the moonlight again!

< instrumental break >

You're my moonlight love,
though you leave me when stars fade away
kiss me darling and tenderly say
we'll meet in the moonlight
. . . again!

Music from "Clair de Lune" by Claude Debussy
Adapted by Domenico Savino with lyrics by Mitchell
Parish, 1956
