One day we walked along the sand, one day in early
spring
You held a piper in your hand to mend it's broken wing
Now, I'll remember many a day and many a lonely mile
The echo of a piper's song and the shadow of a smile

The shadow of your smile, when you are gone
Will color all my dreams and light the dawn
Look into my eyes, my love, and see
All the lovely things you are, you are to me

Our wistful little star was far too high
A teardrop kissed your lips and so did I
Now, when I remember spring, all the joy that love can
bring
I will be remembering the shadow of your smile

Now, when I remember spring, all the joy that love can
bring
I will be remembering the shadow of your smile
