Someday I'll find you, moonlight behind you  
True to the dream, I am dreaming  
As I draw near you, you'll smile a little smile  
For a little while, we shall stand, hand in hand

I'll leave you never, love you forever  
All our past sorrow redeeming  
Make it all come true, make me love you too  
Someday I'll find you again

Someday I'll find you, moonlight behind you  
True to the dream, I am dreaming  
As I draw near you, you'll smile a little smile  
For a little while, we shall stand, hand in hand

I'll leave you never, love you forever  
All our past sorrow redeeming  
Make it all come true, make me love you too  
Someday I'll find you again
