I am sailin' on away, on heartbreak bay,  
to the island of forgotten lovers!  
Since my best friend an' you, became untrue  
there's nothin' else for me to do!

There are no chains to hold a love grown cold,  
that's what your heart soon discovers!  
So, I am sailin' on away, on heartbreak bay,  
to the island of forgotten lovers! ( . . . lovers, forgotten  
love! )

And I will stay away ( I will stay away!! ) until the day  
my broken heart recovers!  
But now I'm sailin' on away, on heartbreak bay,  
to the island of forgotten lovers!

. . . to the island of forgotten lovers!
