One day we walked along the sand, one day in early  
spring  
You held a piper in your hand to mend it's broken wing  
Now, I'll remember many a day and many a lonely mile  
The echo of a piper's song and the shadow of a smile

The shadow of your smile, when you are gone  
Will color all my dreams and light the dawn  
Look into my eyes, my love, and see  
All the lovely things you are, you are to me

Our wistful little star was far too high  
A teardrop kissed your lips and so did I  
Now, when I remember spring, all the joy that love can  
bring  
I will be remembering the shadow of your smile

Now, when I remember spring, all the joy that love can  
bring  
I will be remembering the shadow of your smile
