The summer wind
Came blowin' in
Across the sea

It lingered there
To touch your hair
And walk with me

All summer long
We sang a song
And strolled the golden sand
Two sweethearts and the summer wind

Like painted kites
The days and nights
Went flyin' by

The world was new
Beneath the blue
Umbrella sky

And softer than
A piper man
One day it called to you
I lost you to the summer wind

Now I'm alone
I might have known
But who can guess?

I'd hear a sound
And turn around
To emptiness

I run to see
Who can it be
That laughter on the stair?
But who is there? The summer wind

The summer wind
