No one knows the side of you that I know  
No one gets to see, to feel you, to hear you when they  
call  
I'm the only one you answer  
Because I know what to do, I know what to do

When I need you  
I just close my eyes and I'm with you  
And all that I so want to give you  
Is only a heartbeat away

When I need love  
I hold out my hand and I touch love  
I never knew there was so much love  
Keepin' me warm night and day

Miles and miles of empty space in between us  
A telephone can't take the place of your smile  
But I won't be travelin' forever  
It's cold out, but hold out, and do like I do

When I need you  
I just close my eyes and I'm with you  
And all that I so want to give you  
Is only a heartbeat away

It's not easy when the road is your driver  
But honey, that's the heavy load that we bear  
I won't be travelin' lifetime  
It's cold out, but hold out, and do like I do when I need  
you

But I won't be travelin' lifetime  
It's cold out, ooh honey, hold out and do like I do

When I need you  
I just close my eyes and I'm with you, baby  
And all that I so want to give you  
Is only a heartbeat away

When I need love I hold out my hand and I touch love  
I never knew there was so much love

Keepin' me warm night and day  
Honey, when I need you

I'm in a cloud and I'm holdin' my hand out to you  
Holdin' my hand out to you  
Holdin' my hand out for you
