Though I know that we meet every night  
And we couldn't have changed since the last time  
To my joy and delight  
It's a new kind of love at first sight

Though it's you and it's I all the time  
Every meeting's a marvelous pastime  
You're increasingly sweet  
So whenever we happen to meet

I greet you with a song in my heart  
I behold your adorable face  
Just a song at the start  
But it's soon is a hymn to your grace

When the music swells  
I'm touching your hand  
It tells that you're standing near, and  
At the sound of your voice

Heaven opens its portals to me  
Can I help but rejoice  
That a song such as ours came to be  
But I always knew  
I would live life through  
With a song in my heart for you
