Zing zing, zoom zoom  
My little heart goes boom  
When I hear this melody playin'

Zing zing, zoom zoom  
A little simple tune  
Who cares what the words may be sayin'

Zing zoom, zoom zoom  
You hear it once and soon  
You'll find that you're hummin' an' swayin'

It's more than a waltz for after it halts  
It lingers with you night an' day  
With this song in mind  
Your troubles you'll find  
Zing zing an' zoom zoom away

Zing zing, zoom zoom  
My little heart goes boom  
When I hear this melody playin'

Zing zing, zoom zoom  
A little simple tune  
Who cares what the words may be sayin'

Zing zing, zoom zoom  
You hear it once and soon  
You find that you're hummin' an' swayin'

Get under a shower an' sing for an hour  
You'll feel like a million all day  
For this song is great  
For takin' off weight  
Zing zing an' zoom zoom away

And ladies you can get most any man  
Through your matrimonial doors  
And this song cannot miss  
And then add a kiss  
Zing zing an' zoom zoom he's yours

Zing zing, zoom zoom  
My little heart goes boom  
When I hear this melody playin'

Zing zing, zoom zoom  
A little simple tune  
Who cares what the words may be sayin'

Zing zing, zoom zoom  
You hear it once and soon  
You'll find that you're hummin' an' swayin'

So, whether you're young  
Or whether you're old  
Or whether you work or you play

Take time out, be wise get out, vocalize  
An' zing, zoom zoom zoom  
Zing zing an' zoom zoom  
Zing zing an' zoom zoom away
