Like a river runs to the sea

Let your love flow into me-ee

Let it flow-ow, let it come home to stay-ay-ay

Like a bird in the endless sky

Let your love fly higher and higher

Let it fly-y, let it come home to stay-ay-ay

Falling in love with only you

Falling in love with all you do

Falling in love, I'd like to say-ay

Don't ever go away from me, no

Falling in love with only you

Falling in love with all you do

Falling in love, I'd like to say-ay

Don't ever go away from me, no-o-o-o

I'll be there if you're feelin' down

Don't you worry, I'll be around if you need someo-one

Baby you can count on me-ee-ee

Loving you just can't be wrong

You know you make me feel so stro-ong

Love is here, don't ever let it slip away-ay-ay

Falling in love with only you

Falling in love with all you do  
Falling in love, I'd like to say-ay  
Don't ever go away from me, no-o  
Falling in love with only you  
Falling in love with all you do  
Falling in love, I'd like to say-ay  
Don't ever go away from me, no  
Falling in love, falling in lo-ove, falling in lo-ove  
Don't ever go away from me, no-o  
Falling in love with only you  
Falling in love with all you do  
Falling in love, I'd like to say-ay  
Don't ever go away from me, no-o  
Falling in love with only you  
Falling in love with all you do  
Falling in love, I'd like to say-ay  
Don't ever go away from me, no-o  
Falling in love with only you  
Falling in love with all you do  
Falling in love [fade]
