Hey there boy did ya happen to know  
Wherever you go I'll follow?  
Ooh babe you're like a cool breeze  
On a summer day

When you're near me  
I don't know what to do I feel like a fool  
Like a school girl true blue girl  
Who wants to know can you come out and play?

You make me feel the way  
A woman is supposed to feel  
So let me show you, show you  
My love's for real

I'll be the rain in your summer the chill in your fall  
I'll be watcha want anything at all  
I've got a love for all seasons  
A love for all time

I'll be the fire in your winter the sun in your spring  
I'll do what you want give ya everything  
I've got a love for all seasons  
A love for all time

I'll be there for you  
Keepin' you warm through the storm  
I'll guide you stand by you  
Until the stars fall from the sky

When you call me  
I never hesitate makin' you wait  
For my love never lie love  
It's something that I just can't deny

I'll read your each and every feelin'  
When you need me to  
So now I gotta let you know  
This love's for you

I'll be the rain in your summer the chill in your fall

I'll be watcha want anything at all  
I've got a love for all seasons  
A love for all time

I'll be the fire in your winter the sun in your spring  
I'll do what you want give ya everything  
I've got a love for all seasons  
A love for all time

You don't have to search no more  
Baby you don't have to dream  
'Cause what I've got inside for you  
Is all that you'll ever need

You don't have to search no more  
My heart is your's for real for sure  
You don't have to wonder why  
I'll never leave, I'll never lie

You don't have to search no more  
My heart is your's for real for sure  
You don't have to wonder why  
I'll never leave, I'll never lie

I'll be the rain in your summer the chill in your fall  
I'll be watcha want anything at all  
I've got a love for all seasons  
A love for all time

I'll be the fire in your winter the sun in your spring  
I'll do what you want give ya everything  
I've got a love for all seasons
