No one ever said that love was gonna be easy  
Gotta take the ups and downs, the in-betweens  
If you take this journey gotta give yourself completely  
Never let nobody ever step on our dreams

You better stop, listen to these words that I say  
You better stop, don't you throw this good thing away  
No, no, put your trust in me and I'll make you see

No the rain won't last forever  
Find a way to make it better  
Long as we can stand together  
Love will find a way

Gonna make a new tomorrow  
Say goodbye to tears and sorrow  
Better listen when I say  
Love will find a way

Somebody tried to tell me love don't last forever  
Said, "It only happens in your wildest dreams"  
After all is said and done we're still here together  
Never listen to the lies and jealousy

You better stop, don't you let them turn you around  
You better stop, hang onto this love that we've found  
Nothing ever say can stand in our way

No the rain won't last forever  
Find a way to make it better  
Long as we can stand together  
Love will find a way

Gonna make a new tomorrow  
Say goodbye to tears and sorrow  
Better listen when I say  
Love will find a way

I want you, I need you  
You know that I believe you  
We got it, you know it

So if it's real just show it

I want you, I need you  
You know that I believe you  
We got it, you know it  
So if it's real just show it

You better stop, listen to these words that I say  
You better stop, don't you throw this good thing away  
No, put your trust in me and I'll make you see

No the rain won't last forever  
Find a way to make it better  
Long as we can stand together  
Love will find a way

Gonna make a new tomorrow  
Say goodbye to tears and sorrow  
Better listen when I say  
Love will find a way

No the rain won't last forever  
Find a way to make it better  
Long as we can stand together  
Love will find a way

Gonna make a new tomorrow  
Say goodbye to tears and sorrow  
Better listen when I say  
Love will find a way

I want you, I need you  
You know that I believe you  
We got it and you know it  
So if it's real just show it
