Somebody wash my skin can you get me clean
I've got a wound if you'll stop the bleeding
I've got a gun if you'll be at peace
The creek won't rise if we just keep singing oh
The levi won't break and the calvary is coming
Don't you sell your soul when the walls start caving in
Cause the creek won't rise if we just keep singing

Somebody wash my skin can you get me clean
I'll be a blossom if you'll plant the seed
I'll make a break if you'll cause a scene
The creek won't rise if we just keep singing oh
The levi won't break and the calvary is coming
Don't you sell your soul when the walls start caving in
Cause the creek won't rise if we just keep singing

Somebody wash my skin can you get me clean
I'll take up arms if you'll join the siege
I'll be a spark if you're gasoline
The creek won't rise if we just keep singing oh
The levi won't break and the calvary is coming
Don't you sell your soul when the walls start caving in
Cause the creek won't rise if we just keep singing
