These clumsy fingers these road-mapped thumbs
Took way too long here
But they got it done
Surgery seems so unkind
But look at that face
Your odds look good, kid
Not a single squeaky wheel
All tiny moving parts
So perfect, so surreal
Surgery seems so unkind
But look at that face
Look at that face
These clumsy fingers
These road-mapped thumbs
Took way too long again
But they always get it done
Surgery seems so unkind
But look at that face
