When somebody pulls you under  
When the bottom feels like coming up  
When the tide is spilling over  
It's love, it's love

When the lines are worn and fraying  
And the threads are all that you have left  
When the only knot is slipping  
It's love, it's love

Your love will betray you in my bed tonight  
All love is a lie  
Your love is a sacrifice for my darkest side  
All love is a lie

When the veins are ripe from tapping  
And the wound is held from clotting up  
When the tourniquet is tearing  
It's love, it's love

Your love will betray you in my bed tonight  
All love is a lie  
Your love is a sacrifice for my darkest side  
All love is a lie

It's a long way down, should I give you hope?  
Open my heart  
It's a long way down, should I give you hope?  
Open up my heart, my heart, my heart

Do you, do you, do you love her still?  
Do you, do you, do you love her still?  
Do you, do you, do you love her still?  
Do you, do you, do you love her?

It's a long way down, should I give you hope?  
Open up my heart, my heart, my heart

Your love will betray you in my bed tonight  
All love is a lie  
Your love is a sacrifice for my darkest side  
All love is a lie

All love is a lie
