All you dreamers howling at the moon
Are you very certain that the Fae are not listening?
Dancing ringlets in the wanton wood
Calling out the secret words the night wind is
Whispering

Ring around the rosy boys All fall down!
Ring around the rosy boys. Ashes! Ashes!
Ring around the rosy boys All fall down!
Shake out the madness!

If by chance you find them on some hill
Stirring up the moonlight in a fiery elixer
Keep your senses listen and be still
Open to the ecstasy and hear what they whisper

Ring around the rosy girls! All fall down!
Ring around the rosy girls - dance the madness!
Ring around the rosy girls! All fall down!
Ring around the rosy girls ? move like ya mean it!

Ring around the rosy boys All fall down!
Ring around the rosy boys. Ashes! Ashes!
Ring around the rosy boys All fall down!
Shake like ya mean it!

Feel the starlight crawling in your bones

Does it make you tremble in your hips and your
fingers?
Life's too long to spend it all alone
Lift a glass and dance the dance, the kisses, they
Linger...

Ring around the rosy boys All fall down!
Ring around the rosy boys. Dance the madness!
Ring around the rosy boys All fall down!
Shake like ya mean it!

Ring around the rosy girls! All fall down!
Ring around the rosy girls ? ashes ahes!

Ring around the rosy girls! All fall down!
Ring around the rosy girls ? shake like ya mean it!

Ring around the rosy boys! All fall down!
Ring around the rosy boys! Dance the madness!
Ring around the rosy boys! All fall down!
Shake like ya mean it!

Ring around the rosy girls! All fall down!
Ring around the rosy girls - dance the madness!
Ring around the rosy girls! All fall down!
Ring around the rosy girls ? shake like ya mean it!
Scream like ya mean it! Howl like ya mean it!
