Blue, blue, blue, angel
Blue, blue, blue, angel

She is my angel
My blue angel

Ow, do do, de do hey hey, hey hey

Hey, travel around the world
And cross the seven seas
Lookin' for my baby
She so good to me
When I find my angel
I'm won't give her up, no
Got a thing for my baby
Can't get enough

You know I love to fly away with her
I love to fly away

She's my blue angel
She's got a spark in her eyes
She's the kind of lover
Keeps a big surprise
I'm her brown sugar
Gonna drink it all night
Blue angel
Blue blue blue blue angel
Uh uh uh

Oh, got a girl whose an angel
Just can't deny
When she calls me up
Baby doesn't criticize, huh
Once I found my baby
Never gonna give her up, no
Got a thing for my baby
And I can't get enough

I love to fly away with her
I love to fly away

She's my blue angel
She's got a spark in her eyes
She's the kind of lover
Keeps a big surprise
I'm her brown sugar
Gonna drink it all night
Blue angel
She's my blue angel

Kick it

I'm never gonna give my baby up, no, no
She's my little blue angel
And my baby's so fine
I've got brown sugar waiting
For my baby each evening now

I love
I love to fly away with her
I love to fly away

She's my blue angel
She's got a spark in her eyes
She's the kind of lover
Keeps a big surprise
I'm her brown sugar
Gonna drink it all night
Blue angel
Blue angel

Mmmm, let me take it on down

Blue, blue, blue, angel (ha ha ha)
Blue, blue, blue, angel
Ooo, listen to me now girl
Blue, blue, blue, angel
Blue, blue, blue, angel
You're my kind of angel
Blue, blue, blue, angel
Blue, blue, blue, angel
Huh, my kind of angel
Blue, blue, blue, angel
Blue, blue, blue, angel
Watch it, kick it horns

Whoa, I'm never gonna give my baby up, no, no
She's my little blue angel
And my baby's so fine
Yeah, I've got brown sugar waiting
For my baby each evening now

Uuh huh huh uh huh
Oh I love to fly away with her
I love to fly away
I love to fly away with her
I love to fly away with her

Blue angel
Fly away, fly away, fly away

Dum da da da da da
Dum da da da da da

Love to fly away with her
Love to fly away with her
With her, with her

Blue angel
You know you are
Blue angel, angel, angel, angel...
