Drivin' in my car---it's rainin' hard  
I've gotta get to ya baby  
Traffic's movin' slow---it's stop 'n go  
And I keep dreamin' 'bout ya baby,yeah  
Now when I finally get my hands on you  
We'll be makin' love the whole night through  
Anything you want just take from me  
And I'll take you up the mountain,cuz.....  
It's not hard to love you at all  
It's not hard to love you,baby  
No,no not hard  
Cuz,it's not hard to love you  
It's not hard to love you baby  
So easy...  
Cuz,it's not hard to love you at all ( at all )  
Girl you're lookin' good I knew you would  
And I ove that dress you're wearin' (damn)  
Candlelight and wine--tonight you're mine  
I'm gonna show you that I'm carin'  
Well all I wanna do is dance with you  
Pull you close and get you in the mood  
I
