Come, let's take this trip together€|

One good turn deserves another,
One good deed begets another.
Seeds of kindness sown in summer
Will bloom like spring in mid December.

Whoa, let's do it again,
One good turn to your neighbor!
Whoa, let's do it again,
One good turn to your neighbor.

Now don't be satisfied
With "you've got yours" and "I've got mine",
There's a long hard mission underway.
C'mon and hitch your wagon,
You can help to fire the engines,
With two as one we'll be up and away!

One good turn deserves another,
One good deed begets another.
And seeds of kindness, sow them each summer,
They will bloom like spring,
And warm December!

Whoa, let's do it again,
One good turn to your neighbor!
Whoa, let's do it again,
One good turn to your neighbor!

C'mon! Sing! Sing! Sing! Sing! Sing!

You know, I think you mean it!
You know, I think you've learned this song!
Sing! Sing! Tell everybody!

Whoa, let's do it again,
One good turn to your neighbor!
Whoa, let's do it again,
One good turn to your neighbor!
