Someone wrote just yesterday  
"Love's in need of love today"  
Will there be none tomorrow  
Faded feelings, jaded news  
Where's the tender heart that loved romance?  
They seem so few  
So, I write these words to say  
Take heart, have faith in love's tomorrow  
Where our precious dreams will all come true

Heaven knows what I've been through  
Searching for a heart that's true  
Is there one in a million?  
Though I've often failed the test  
Everyone must journey till that questioning is through  
Shine a star for me to see what  
Children see on Christmas morning  
Every hope and dream to be renewed

Heaven only knows how I hope  
That chance of love is higher than one in a million  
I'm a dreamer I confess  
But my dreams are only of the best that we can do  
So, I'll keep on counting sheep  
And will not sleep until the dawning  
Help me break the news, eternal love just beat the blues

Chorus:  
Save me from no love (you oughta save me)  
Save me from no love  
Say sweet love has come and is not gone  
There is all, that I want, this morning  
Save me from no love (you oughta save me)  
Save me from no love  
Say sweet love has come and will live on  
Never gone, ever on, (strong), eternally (forever)

Now I've done the best I can  
Girl, I need a helping hand  
Are you one in a million?  
People leave without good-byes

Stay with me, for through your eyes I see another truth  
You're the star and now I see  
What children see on Christmas morning  
Stay and see it through  
The gift of love returned to you

(Chorus)

I'm searchin' for love, baby, been lookin' today  
Somewhere there's a love, baby, do you know the way  
I'm searchin' for love, baby, been lookin' today  
Somewhere there's a love, baby, do you know the way  
to... ?

(Chorus)

Save me, save me  
You've got to save me  
Save me, save me  
Baby, you can save me  
Save me, save me  
You've got to save me from no love  
You can keep me smiling...
