I've had my sweetnin' from the Zuiderzee
But that was yesterday
Yet you can bet I won't forget what I've seen
In the Stockholm sweetnin' way
A place where life is full and time don't end
It seems to bend your way
Just fill your cup(pa) on a plan is turned up
In the Stockholm sweetnin' way

Stockholm is where
You get to knowing just what it's all about
Trip to the fare
It's a circus
Don't do without
Pack up your bag and come along with me
You'll find a brighter day
Just verify it, life and love is all free
(2nd: Just try, verify it, life and love is free)
In the Stockholm sweetnin' way
