When I wake up
In the morning light
I put on my jeans and I feel alright

I pull my blue jeans on
I pull my blue jeans on

It's the weekend
And I know you're free
So put on your jeans
And come on out with me

I pull my blue jeans on
I pull my blue jeans on
I pull my blue jeans on
I pull my blue jeans on

I'll meet you in the usual place
I don't need a thing but your pretty face

I need to have you near me
I need to have you near me

It's the weekend
And I know you're free
So put on your jeans
And come on out with me

I pull my blue jeans on
I pull my blue jeans on
I pull my blue jeans on
I pull my blue jeans on

You and me will go motorbike riding
In the sun and wind and the rain
I've got money, tiger
I'm king of the road again

I need to have you near me
I need to feel you close
I need to have you near me

I need to feel you close
I need to have you near me
I need to feel you close
I,I,I,I,I,I,I,I
I need to have you near me
I need to feel you close
I need to have you near me
I need to feel you close
I need to have you near me
I need to feel you close
I,I,I,I,I,I,I,I
I need to have you near me
I need to feel you close
I need to have you near me
I need to feel you close
I need to have you near me
I need to feel you close
I,I,I,I,I,I,I,I...
