I was not the only one afraid to fall  
Those things seem so far away after all

So scared of what I think I might  
Do I believe or do I give it up?  
You see the bubble bursting  
And now it's gone

Don't know what you did  
Don't know what you said  
Could it be the last time?

Don't know what you did  
Don't know what you said

Don't you know that you cut right through my feelings?  
Don't you know that's the end of a show that I'm  
stealing? (2x)

I won't try to make up  
I've done it before  
You have to speak your mind  
And give a bit more

So bored with standing on the line  
Do I decide or am I wasting time?  
You see the bubble bursting  
And now it's gone

Don't know what you did  
Don't know what you said  
Could it be the last time?

Don't know what you did  
Don't know what you said

Don't you know that you cut right through my feelings?  
Don't you know that's the end of a show that I'm  
stealing? (2x)

You got a lot of nerve I'm telling you (x2)
