I am scared
scared of a change
seeing life in a new light
life as I've known it
but now it's about to change
with my loved ones around me the
journey has begun.
I let go of my fears to experience
the differences.

And you gave me
the time of my life
in so many ways
the time of my life
I wish I could stay
you know that I love you
I'll never forget you
because you gave me
the time of my life.

Feeling free I had the world in front of me
having you there made it feel so real
I don't want to leave you no
you are so beautiful
and I want you to know
you will always be there
there in my heart

And you gave me
the time of my life
in so many ways
the time of my life
I wish I could stay
you know that I love you

I'll never forget you
because you gave me
the time of my life.
I'll never forget you
because you gave me
the time of my life.

Even thow distance tares us appart
you will always be in my heart

And you gave me
the time of my life
in so many ways
the time of my life
I wish I could stay
you know that I love you
