He puts his hand down into his pocket
Pulls out a rose and hands it to his girl
She says, "Hey man
(What you doin', what you sayin'?)
No, I thought I told you

I don't want you here no more
So go get out of here so I don't see your face
You're the one who used to beat me to love you
And I don't want you back again"

No more, no more, no more

Many times you swing that hand
But did you ever see the bruise you used to leave?
I'd spend days, I could not go out
Sometimes it would be weeks

So don't come back thinking I'm okay
'Cause really man, I hate you to the core
You're the most gutless thing I've ever known
Or ever saw

No more, no more, no more

(You can't hide the scars)
(You can't hide the scars)

So turn around and just start walking
'Cause we got, nothing left to say
When you're gone, you can be assured
My smile, is gonna' come back my way

And I'll wipe you from my memory
So you don't exist in my day
But just remember I'll still smell you
A thousand miles away

No more, no more, no more
