Hands and feet bound
Lying naked on
The table - the
Tortures administered
So as not to
Bring quick death

The first incision made
Indisiferable writing
Carved into flesh
Slaves scream in
Agony

As they prey to a deaf ghost

Drowning in rapture
Renounce the heavens
Drowning in rapture
Renounce the heavens

Worshipping the mutilated
Organs placed hazardly
In buckets
Mouths pinned shut
And hands sewn
To various parts
Of the body
Begging for death
Their soul damned
In eternal pain

Screams from the darkness
Torturing the living
As you prey
To a deaf ghost
Worshipping the mutilated
