

Circle Of Contempt "Remnants Left"

Paralyzed cadavers drowning in quicksand,
They will sink forever clutching their secrets.
With all the leaders, all the inside jobs.
(Hold your tongue) By trial and error
(Hold your tongue) our masters are still holding their
Tongues.
Pay no attention to the consequence of ages, the
dreaded
Years of wrath.
Perfect covenants perfect propaganda lay on, on the
hands
Of the self-deceived.
They will sink forever, find your captive strength and
Fight!
They will sink forever, find shelter underneath the arms
Of this circle.
