[Verse 1]

When you see that falling star  
Falling from the sky  
Coming down from heaven  
Passing you by  
You standing outside at night  
Looking at that beautiful sight  
Wandering what to wish for  
You already have a perfect life  
Then something hits  
You like a flying dart  
You wanna wish for the person  
Who holds the key to your heart  
[Chorus x2]

You wanna make that one wish  
That wish that'll change your life  
So you wish for that one girl  
You'll love for the rest of your life  
With that silky blonde hair  
And those bright blue eyes  
What I'm hoping for  
Is that she will be mine

[Verse 2]

Next thing you get a phone call  
From an absolute stranger  
You ask who is speaking  
She says, "Hi, it's Taylor"  
You can't believe what you hearing  
You can't believe your wish came true  
Instead of anyone else  
This actually happened to you

[Chorus x2]
