Look ! My heart is broken,  
Look at me for a moment;  
Enough fickle friendship  
My heart has sat stalemate;

I, want you  
Day and night think of you (memory of you or remember you);

My heart is closed to your heart  
If you don't come, my heart will die;

Dies, Dies, Dies, Diesâ€¦;

When I am without you!  
I am tired of myself and the world;  
put your hand on my hand  
My heart is closed to your heart (I clamped my heart to your heart)

I, want you  
Day and night think of you (memory of you or remember you);

My heart is closed to your heart !  
If you don't come, it (my heart) will die;  
If you don't come, it (my heart) will die;  
If you don't come, it (my heart) will die;  
If you don't come, it (my heart) will die;  
If you don't come, it (my heart) will die;
