Maybe I hang around here a little more than I should
We both know I got somewhere else to go
But I've got something to tell you, I never thought I
would
But I believe you really ought to know

I love you, I honestly love you

You don't have to answer, I see it in your eyes
Maybe it was better left unsaid
But this is pure and simple and you must realize
It's comin' from my heart and not my head

I love you, I honestly love you

I'm not trying to make you feel uncomfortable
I'm not trying to make you anything at all
But this feeling doesn't come along everyday
And you shouldn't blow the chance
When you've got the chance to say

I love you, I honestly love you

If we both were born in another place in time
This moment might be ending in a kiss
But there you are with yours and here I am with mine
I guess I'll just be leaving it at this

I love you, I honestly love you
I love you
