When you decided to knock on my door
Did you remember what happened before?
It just didn't sparkle, it just didn't grow
Some things live better inside of a store

Did you agree, we should let it be
And did you agree, it's a must

Let's call the whole thing off
We just have had enough of us
Let's call the whole thing off
We just have had enough of us

I know many people who met the same way
Relations that lasted for more than one day
But I don't wanna know why we couldn't do more
Some things are better to leave unexplored

Did you agree, we should let it be
And did you agree, it's a must

Let's call the whole thing off
We just have had enough of us
Let's call the whole thing off
We just have had enough of us

Let's call the whole thing off
We just have had enough of us
Let's call the whole thing off
We just have had enough of us
