"All I Know"

All I know is what I want
But you never give me what I really want
All I want is that you know
I like that feeling that is coming on
All I need is what I see
And the things you said now seem so real
Yes it's real

Everyone is having fun
Tell me why you're on the run
When you're here I feel the sun

All I know is what I want
And I never ever wanted to wait so long
I wanna know what's going on
I feel so right I feel so strong
Oh no

Everyone is having fun
Tell me why you're on the run
When you're here I feel the sun

All I know
All I know
All I know
