If I had known which way to go
Wouldn't have been so hard tonight
If I had known which place to go
Wouldn't have been so hard to find you
Now that I know which way to go
There will never be a darkless night
If I hadn't gone right to the top
Wouldn't have learnt to fly so high
I live in the past, how long will it last
I guess today time goes too fast
Now that I know which way to go
It will never be a darkless night
If I hadn't gone right to the top
Wouldn't have learnt to fly so high
If I hadn't known which way to go
Wouldn't have faced the rising sun
Here we will go
Here we will go
Here we will go
