"Let The Wind Blows"

Now let the wind blow
It takes all my sorrows away
I don't understand
Now let the sunshine
You just have to know
Don't tell me so
You've always cried so many tears
You've been doing it for so many years
Please don't tell me that I don't care about you
What's gonna happen
After the things that I've told you
I don't understand why you keep me waiting
You just have to know
Don't hurt me so
I've always tried so many times
To get you back and be there by your side
Please don't tell me that I don't care about you
I don't understand why you keep me waiting
Don't wanna let you go
