I'm drowning myself with a grin from ear to ear  
So forget about your good intentions  
Just hold your breath and count your blessings

I hear you talking and I can see you all smirking  
I'll never blame you know it's how we were raised  
I've never met a real person except for the small  
handful I call friends  
We're leaving all these kids behind

I'm a liar  
I'm a fake  
You'll come to this and see  
We're following the line  
But set it in the dark

I've given up on this  
I'm going in too far  
So go dug up your game  
And drown in your shame

I see him at the party with a drink still in hand  
Hers are all empty as he sweet talks her again  
You'll call me your friend but I'll never call you mine  
I'll laugh, you'll cry as you all fall too the ground

I'm a liar  
I'm a fake  
You'll come to this and see  
We're following the line  
But set it in the dark

I've given up on this  
I'm going in too far  
So go dug up your game  
And drown in your shame

Everything I hate is everything I love  
Everything I love is everything that I lost

I'm a liar  
I'm a fake

You'll come to this and see  
We're following the line  
But set it in the dark

I've given up on this  
I'm going in too far  
So go dug up your game  
And drown in your shame
