Sat around till it was dark  
And I wasted all day sittin in the park  
He says, 'All I want... all I want... for me'  
Who am I gonna be?

Memories are bad dreams to me  
So paint me a picture so I can see  
All I want... All I want  
But now I realize

That I should have known better (Aaahh)  
And I should have expected more for myself (Aaahh)  
And I should have known better  
You can't hide from yourself  
It just turns into something else

Hey, hey, hey, hey, hey, hey

Expect nothin from a loser like me  
Put up these walls now I can't see  
All I want... All I want  
Whatcha gonna do now?  
Whatcha gonna do?

Afraid of failure right from the start  
I never tried my best  
It just keeps me apart  
From all I want, all I want

That I should have known better (Aaahh)  
And I should have expected more for myself (Aaahh)  
And I should have known better  
You can't hide from yourself  
It just turns into something else...

So help me out, lead me away  
All these memories, take em away  
So help me out, and lead me away  
All these memories, please just take em away

I guess I shoulda known, I guess I shoulda known better  
(shoulda known)

Better)

I guess I shoulda known, I guess I shoulda known better  
(shoulda known  
Better)

I guess I shoulda known, I guess I shoulda known better  
(shoulda known  
Better)

I guess I shoulda known, I guess I shoulda known
