You really took me by surprise
You're someone I've needed for a lifetime
Your heart was cleverly disguised
And it didn't look that way in my mind

Tell me, how could it be I was the last to know
Darling, I couldn't read what was in your mind
To turn around and love me

Chorus
With no explanation
I gave you everything I had
I didn't know that you would take it
With sweet consideration
And after all that we've been through
I can't believe it's true
Until I hear you say

My mouth is still wet from our last kiss
Was loving me your one intention
What were the signs of the times I missed
I need you more than I could mention
I won't, ever accept you leaving for someone else
When something is wrong, darling I need to know
Don't ever leave me

Chorus(3x)
