"Spin You Around"

Coming up
As your rolling down
I see your shape
Beyond the cigarette smoke
Worried oh oh
I stay beyond the line
Beneath the world
The world
Oh the world, that you spin in your hand

I strike the fear down with my fists
I'll keep you close in this simple twist
I strike fear down with my eyes
We'll stay close in case this storm would rise
I'll spin you around

Loosing time
But never loosing faith
I keep you close, we know that none of us can wait
The ground folds, I see the trouble in your face
As our heartbeats starts to fall in pace

I strike the fear down with my fists
I'll keep you close in this simple twist
I strike fear down with my eyes
We'll stay close in case this storm would rise
I'll spin you around
