Is this salt from the sea?  
"Oh," she said, "of course it is"  
Is this salt from the sea  
Or is this salt from my eyes?

"Innocent, I'm innocent," she said  
"Innocent, I'm innocent," she said  
"Innocent, I'm innocent," she said  
"Innocent, I'm innocent," she said

Is this salt from the sea?  
"Oh," she said, "of course it is"  
Is this salt from the sea

Or is this salt from my eyes?

"Innocent, I'm innocent," she said  
"Innocent, I'm innocent," she said  
"Innocent, I'm innocent," she said  
"Innocent, I'm innocent," she said

Is this salt from the sea?  
"Oh," she said, "of course it is"  
Is this salt from the sea  
Or is this salt from my eyes?
