Rodi likes your pearly whites  
And she wants to talk in the basement of her place  
Place

Rodi walks her dog in style and makes sure that you  
Notice her sweet face  
Face

Everyone is wanting her the way  
That she wanted to be wanted in the first place  
Place

Everyone is needing her in the way  
That she needed to be needed in the first place  
Place

Rodi takes all the time in the word to smell the flowers  
And walk in heels with grace  
Grace

Rodi has us up for drinks and she makes us laugh and  
she  
Makes us think all day  
All day

Rodi's doesn't tell us where she's from  
Rodi doesn't tell us where she goes  
She won't reveal it no,  
No way jose you know  
That would cause a lot of talk  
Cause a lot of talk
